how to determine which non-XEUCF team to downgrade in case a XEUCF team must be upgraded as for XEUCF qualification rule 1:
1) if the opponent of the previous game is a non-XEUCF team, this will be downgraded instead of the XEUCF team
2) among the winners of the previous round in the same bracket of the XEUCF team to upgrade, the non-XEUCF team with the least point difference will be downgraded instead of the XEUCF team.

XEUCF Qualification rules
XEUCF Qualification rules
0) Generally all results also in the tournament, against XEUCF or non-XEUCF teams will be considered. CE has 4 XEUCF bids for Open1 (16 teams), 4 for Open2 (16 teams) and 1 for Open3 (6 teams). There will be overlapping between divisions, e.g. Open2 teams can reach max. 9th place in London and Open3 max. 17th.
At the end of the tournament the placement of the nonXEUCF teams won't be considered in order to define which teams will play the recovery games 4v5 (to advance to Open1) and 8v9 (to advance to Open2). In order to reduce the risk that non-XEUCF teams impact too much the ranking of XEUCF ones, the following rules apply, which might cause changes in the schedule.
1) if only 1 XEUCF team is in the block 5-8, 9-12 or 13-15 block, this will advance to the next block and a non-XEUCF take its place (see rules how to determine which team to downgrade).
2) if ONLY 2 XEUCF teams are in the block 5-8, the cross games is between them. The P5 game is not played, but only P4.
3) if ONLY 2 XEUCF teams are in 9-12 and these are the last 2 teams, the cross game is between them. The loser will play in Open3, the winner in Open2 in London. The P8 game is not played
4) if ONLY 2 XEUCF teams are in 13-15 the result of their direct match will be considered for the XEUCF selection. The loser will play in Open3, the winner in Open2 in London. The P8 game is not played
5) in all other cases all games defined in the schedule will be played.
